TRAINING

Breast Reconstructive and Aesthetic Fellowship

A one-year fellowship combining the experience of Hackensack University Medical Center and New York Eye and Ear Medical Center under the direction of Dr. Stephen R. Colen and Dr. Joshua Levine will cover the entire spectrum of Breast Surgery. Emphasis on perforator flap Breast Reconstruction (over 150 cases each year) and all other techniques of non microsurgical techniques will be the core surgical curriculum of the fellowship. Microsurgical lymphatic surgery for lymphedema will be another focus area for the fellow with a growing number of cases over the year at both institutions. Cosmetic Breast Surgery done both in the hospital outpatient department and several private clinics both in New Jersey and Manhattan will add extensive exposure to all aesthetic procedures. Full compensation will be provided to a plastic surgeon in the board-certification process. License in both New York and New Jersey are required by the fellow. Fellow participation in academic writing and presentation at national and international meetings will be strongly encouraged. Interested candidates contact Stephen R. Colen, M.D. Chairman Plastic Surgery, HUMC at scolen47@gmail.com.

MD Anderson Microsurgery Fellowship

Clinical Fellowship positions are available beginning 7/1/2018 at the University of Texas, MD Anderson Cancer Center in oncology-related reconstruction and microsurgery. A wide variety of complex reconstructive procedures are performed each year with a high volume of microvascular cases, especially autologous breast, complex head and neck, lymphatic, and

perforator flap reconstructions. Opportunities are available to participate in microsurgery laboratory training and established basic science and clinical research projects. Fellowship duration: 12 months. Please send letter of intent and CV to: Matthew M. Hanasono, M.D., Director of the Microsurgery Fellowship program, Department of Plastic Surgery, Unit 1488, MD Anderson Cancer Center, 1400 Pressler, Houston, Texas 77030; (713)794-1247, Fax: (713) 794-5492, Email: mhanasono@mdanderson.org.

MGH/Harvard

Adult Reconstructive and Aesthetic Craniomaxillofacial Surgery Fellowship

Adult Reconstructive/Aesthetic Craniomaxillofacial Fellowship at Massachusetts General Hospital (Boston, MA), a Harvard teaching hospital, beginning July 2017 (12 months). High-volume experience in all areas of reconstructive and aesthetic craniomaxillofacial surgery. Emphasis on primary and secondary post-traumatic reconstruction as well as aesthetic facial skeletal contouring. Opportunities to participate in other areas of clinical interest, research, and teaching. Must have completed plastic surgery residency. Forward CV to: Dr. Michael Yaremchuk, 55 Fruit Street, WACC435, Boston, MA 02114. Fax: 617-726-8089.

Integrated Microsurgery and Craniofacial Fellowship

The Division of Plastic and Reconstructive Surgery at William Beaumont Hospital and Oakland University William Beaumont School of Medicine offers a 1-year fellowship in combination of microsurgery and craniofacial surgery. The fellow will assist in reconstructive microsurgery cases including DIEP/GAP/TUG/PAP flap breast reconstruction (100+ cases per year), head and neck free flap reconstruction (20+ cases per year), and lower extremity reconstruction with free flap (20+ cases per year). There is ample opportunity for the fellow to participate in Mohs defect facial reconstruction (100+ cases per year), implant based breast reconstruction (50+ cases per year), and other unusual complex reconstruction cases. The fellow will play a key role in the monthly multidisciplinary Cleft Palate and Craniofacial Clinic. Per year, we perform approximately 30 cases of primary cleft lip and palate repair, 60 cases of secondary cleft lip and palate repair including septorhinoplasty, 20 intracranial procedures including cranial distraction, 5-10 cases of midface and mandible distraction, and 40 cases of orthognathic surgeries. We are a level I trauma center with plenty of opportunity to manage facial trauma and secondary post-traumatic deformities. We are currently interviewing for fellows for 2017-2018 & 2018-2019.

Interested applicants should send CV and a cover letter to:

Kongkrit Chaiyasate, MD
Neuroscience Center
3555 West 13 Mile Road, suite N 120
Royal Oak, MI 48073
(248) 551-1550
or
Kongkrit.chaiyasate@beaumont.edu

Harvard Aesthetic & Reconstructive Plastic Surgery Fellowship

The Division of Plastic Surgery at Beth Israel Deaconess Medical Center (BIDMC), one of the Harvard affiliated hospitals, is offering a one year clinical fellowship in aesthetic and reconstructive plastic surgery. The fellowship focuses on facial plastic surgery and breast/body aesthetic surgery with 4 plastic surgeons who specialize in different aspects of cosmetic surgery. The fellowship emphasizes an active participatory role for the fellow. The fellow also participates in the teaching of plastic surgery residents. The position is available for July, 2018. Applicants must have completed a resi-

dency program in an approved plastic surgery program and be able to satisfy all of the requirements for licensure by the Massachusetts Board of Medical Registration. Interested applicants are encouraged to submit a cover letter along with their curriculum vitae and three letters of recommendation. Selection will be based on merit, without bias to gender, race, color, ethnic origin, or sexual orientation. Program Directors: Sumner A. Slavin, MD, and Samuel J. Lin, MD. Email your applications to: Geoffrey Brahmer, Division Coordinator, 617-632-9839 or gbrahmer@bidmc.harvard.edu.

Burn Surgery Fellowship Richmond, Va.

The Evan-Haynes Burn Center in Richmond, Virginia, is seeking applicants for our Burn Surgery Fellowship Program, to begin July 2017. The Evans-Haynes Burn Center is the oldest civilian burn facility in the United States. VCU Health has been granted Level 1 trauma center status since 1981 and is the only verified burn center in Virginia.

The Burn Fellowship is a year-long commitment that involves all aspects of burn care. The Fellow is particularly involved in the following:

- Care of both adult and pediatric burn patients
- Acute burn resuscitation
- Burn wound management including the use of artificial skin products, allograft, and cultured epidermal autograft - Functioning within a multidisciplinary team environment for care of complex patients
- Managing social aspects and emotional needs of burn patients
- Tertiary burn reconstruction including burn scar management, releases, flap coverage, and laser treatment

This program is designed to provide a multidisciplinary exposure to the art and science of burn surgery. We are seeking ambitious surgeons with a minimum of two years of residency training and a commitment to training completion. The clinical portion of the fellowship involves all aspects of burn surgery including resuscitation, acute operative care, and reconstructive operations.

Qualification Minimums:

- Must have completed USMLE steps 1, 2 and 3
 - Must be within 4 years of graduation from medical school or direct patient care activity
- If you are interested in our Burn Fellowship please send the following to our coordinator at Rhonda.Atkinson@VCUHealth.org :
- Current CV
 - Three LoR's
 - Copy of all three USMLE scores

Microsurgery Training at the University of Texas Southwestern Medical Center in Dallas

The Department of Plastic Surgery at UT Southwestern Medical Center at Dallas is offering an advanced twelve-month microsurgery training position. The experience will provide a highly focused year with graduated responsibility in all aspects of microsurgery. The applicant has the opportunity to perform high-volume microsurgery training in all areas of micro and reconstructive surgery with highly experienced faculty. This will include all aspects of micro and non-micro breast reconstruction, head and neck reconstruction, facial reanimation, trunk, and extremity reconstruction including perforator, non-perforator, and functional free flaps. There are numerous clinical and translational research opportunities throughout the year. Research opportunities, publications, and national presentations are an integral part of the training. Applicants must obtain prior to commencement, a Texas medical license, hospital privileges at various private hospitals, and BC/BE in Plastic Surgery.

Clinical Fellowship in Breast and Body Contouring After Weight Loss University of Pittsburgh

Outstanding one-year, fully funded clinical fellowship at the University of Pittsburgh available for academic year 2018 - 2019. This well-established body contouring fellowship is based in a high-volume multidisciplinary body-contouring center and focuses on body contouring after obesity and weight loss. Learn advanced body contouring techniques, including body lifts, brachioplasty, thigh lifts and breast reshaping. All facets of practice covered, including patient selection, perioperative management, and establishing and maintaining a referral base. Excellent opportunities for abstracts, publications and research projects. Center has a strong track record of publications, and past fellows have gone on to establish centers of excellence in body contouring.

Program co-directors: J. Peter Rubin, MD, and Jeffrey Gusenoff, MD

Applicants should send CV to Barbara Chakurda at: chakurdabl@upmc.edu or fax: 412-641-1149

- Advanced breast and body contouring training in an excellent academic setting
- Fastest-growing area of plastic surgery

Classified Ad Policy

Rates for classified ads and announcements of upcoming symposia are based on word count and must be paid prior to publication. Logos, boxes and color-screening enhancements are available for advertisements for an additional fee. The editors do not investigate positions of employment and assume no responsibility for them.

Ad Rates

■ 1 to 50 words: \$165 ■ 51 to 100 words: \$305 ■ 101 to 150 words: \$440
■ 151 to 200 words: \$555 ■ 201 and over: \$763

Preferred format to receive materials is e-mail. No text will be taken over the phone. Cancellations not accepted after closing date.

Ad placement deadlines

■ January/February 2017 – deadline 12/10/16
■ March 2017 – deadline 2/1/17
■ April/May 2017 – deadline 3/10/17

To place a classified ad, contact:

Jeanne Embrey, PSN Advertising Coordinator
847-228-3364
jembrey@plasticsurgery.org

Visit the ASPS Job Opportunity Board

Additional classified advertising opportunities are available online at plasticsurgery.org/job.

A note regarding board certification in advertisements

To honor a request from the American Board of Plastic Surgery to more appropriately represent a surgeon's progress toward achieving ABPS certification, use of the term "board eligible" (or "BE") in the *Plastic Surgery News* classified ads and online Job Opportunity Board listings will be replaced with the phrase "in the certification process."
