Clinical Meetings
Clinical Meetings created and hosted by ASPS provide quality accredited education to practicing physicians, residents, medical students and allied health professionals. ASPS is the trusted source for the most leading-edge, scientifically-sound and diverse educational programming within the plastic surgery specialty.

Practice Management
Successfully operating a plastic surgery practice demands that both surgeons and staff be open to continuous change, innovation and improvement to stay competitive in an ever-shifting marketplace. ASPS and The PSF support plastic surgeons and all allied health professionals in the fluctuating landscape of practice management.

Wellness
ASPS Wellness initiatives are specifically targeted to help combat the rising epidemic of physician burnout. Unlike stress, burnout does not allow a physician to take a few days off to “recharge their batteries.” Instead, lifestyle and practice change is ultimately required to return a physician to peak performance. Burnout has been linked to lower quality of care, higher medical error rates, lower patient satisfaction rates and higher malpractice risk. We seek to change that through ASPS Wellness Initiatives.

Women Plastic Surgeons
The WPS forum empowers female plastic surgeons within the Society through networking, education, advocacy and mentoring. The WPS forum works to promote female plastic surgeons and increase their involvement within both organized medicine and plastic surgery as a whole while simultaneously advancing the mission of ASPS.

Affiliates and Managed Organizations of ASPS
Over the last three years, ASPS has worked to expand and deepen its connections in the Plastic Surgery space and, in doing so, has brought on several affiliate and managed organizations. Working as a partner, ASPS helps each organization ensure they have a successful program year after year by leveraging ASPS experience and staff. To date, ASPS has brought on the American Society of Plastic Surgery Professionals (ASPSP), the International Society of Plastic Regenerative Surgeons (ISPRES), the Migraine Surgery Council (MSC), the Mountain West Society of Plastic Surgeons (MWSPS), the Northwest Society of Plastic Surgeons (NWSPS), and the Virginia Society of Plastic Surgeons (VASPS) as affiliates. ASPS also manages the International Confederation of Plastic Surgery Societies (ICOPLAST) and the New York Regional Society of Plastic Surgeons (NYRSPS).
Focus on the Future

Residents
Residency comes with the unique challenge of focusing on clinical education and training while preparing to launch a practice. ASPS helps residents through residency and onto a successful career.

The Plastic Surgery Foundation
The Plastic Surgery Foundation supports the research and international activities of ASPS members. The PSF works alongside ASPS to support innovative ideas, teach researchers how to articulate the relevancy, impact and possibilities of those ideas, bring the right people together so that tested and meaningful ideas can reach the marketplace and assist volunteers as they take those new ideas along with tried-and-true procedures to all corners of the world.

Research
The PSF is committed to advancing high-quality clinical and health services research that promotes evidence-based medicine in plastic surgery. Through clinical trials, registries, research grants, awards, scholarships and fellowships, The PSF is designed to be the leading facilitator of evidence-based medicine with a focus on improving quality of care and patient safety.

Focus on the Patient

Patient Safety
ASPS is in a unique position to leverage data generated by our surgeons in order to identify opportunities for the advancement of patient safety within the specialty. ASPS education and initiatives use this data to create effective programming that positively impacts patient outcomes.

Public
ASPS is dedicated to providing timely and accurate educational opportunities for the public regarding reconstructive and aesthetic plastic surgery procedures. From patient education products to general education, ASPS works to ensure that potential plastic surgery patients are informed about their opportunities and choices before making decisions.
WPS ENRICHMENT RETREAT

Event Overview
February 6-9, 2020 | Union Station Hotel, Nashville, TN
Audience: Female Board-Certified Plastic Surgeons

Activity Description

After a highly successful first year, the ASPS/ASPSP Spring Meeting is back! This year, the format has been streamlined to offer registrants an all-inclusive mini-annual meeting experience with four concurrent educational tracks: Aesthetica, Reconstructive, Practice Innovations and Complications & Leading-Edge Concepts. In addition to customizable programming developed by world-class faculty, attendees will stay energized with exciting networking and audience engagement opportunities that encourage peer-to-peer learning and interaction with faculty.

Aesthetica:
Track Chairs: Dr. Thomas Mustoe and Dr. Sammy Sinno
Addressing aesthetic topics from head to toe, the Aesthetica Track incorporates content from the iconic Breast Surgery & Body Contouring Symposium, the Aesthetica Super Symposium and hot topics facing the world of cosmetic medicine. The track will focus on invasive, minimally-invasive and non-invasive procedures while offering in-depth expertise and innovative approaches for improving patient outcomes.

Complications & Leading-edge Concepts:
Track Chair: Dr. Caroline Glicksman
This track will focus on two cornerstones of plastic surgery: innovation and patient safety. Plastic surgery has long been known as a specialty of innovation and the “Leading-edge Concepts” aspect of the track will focus on technological advances and surgical procedures currently emerging in the specialty. During the “Complications” segment, attention will be directed to a series of significant patient safety topics facing plastic surgeons, including BIA-ALCL, breast implant illness and the opioid epidemic.

Practice Innovations:
Track Chairs: Dr. Heather Furnas and Joanne Dennison (ASPSP)
The year-over-year success of our practice management meeting is based on the program’s team-oriented education approach and partnership with the American Society of Plastic Surgery Professionals (ASPSP). Designed with the belief that “the practice that learns together, succeeds together,” this track will delve into practice management topics from social media and coding to staff turnover and practice financials, along with everything in between.

Reconstructive:
Track Chairs: Dr. Julian Pribaz and Dr. Amy Colwell
The Reconstructive track will highlight insights from world-renowned faculty sharing their philosophies and techniques on the latest life-changing procedures the specialty has to offer. The track will cover the entire body, head to toe, and provide targeted lessons that attendees can take back for use at their practices the very next day. Topics covered will include material from the Breast Surgery & Body Contouring Symposium as well as gender-affirming surgeries, head and neck and more.

Expected Reach: 3,000
Welcome attendees of Plastic Surgery The Meeting 2020 with a brand new glass water bottle to be filled at one of the many water stations throughout the Moscone Convention Center. Glass water bottles are environmentally friendly and free from contaminants to keep filtered water fresh and great tasting. Be recognized at each water station available to attendees throughout the convention center and insert one promotional piece inside of the water bottle. The PSTM Water Bottle will be distributed alongside the PSTM Registration Bag to the first 3,000 registrants.

**WIRELESS INTERNET: $25,000 (Exclusive)**
Expected Reach: 3,300
Keep attendees connected and sponsor the wireless internet at the convention center. Your support provides the wireless network for the entirety of the program. When attendees accept the wireless agreement, they will be redirected to a website of your choice.

**PSTM SECTION OF THE ASPS MOBILE APP SPONSOR: $30,000 (Exclusive)**
Expected Reach: 3,300
Make a splash with the attendees. Have your advertisement link directly from the PSTM section of the ASPS Mobile App splash screen! Attendees will see your brand at each launch of the PSTM section of the ASPS Mobile App, which is the onsite resource for attendees and exhibitors to view the current program and their personal schedules. This sponsorship includes recognition in all program materials: print, online and onsite, including the app instructions published in the program and included in the registration bag.

**KIDS ZONE: $5,000 (Exclusive)**
Expected Reach: 500
Plastic Surgery The Meeting is the meeting with more, and in this case it is more for the family! Be the first-ever supporter of Kids Zone, the onsite child care service for families in attendance. Designed to be an integral part of Plastic Surgery The Meeting, Kids Zone allows more members to attend by bringing their families. The mission is to create not only an educational experience, but also an engaging trip that will keep members coming back year after year.

**Sponsor Recognition**
- Exclusive sponsor of the Kids Zone at Plastic Surgery The Meeting
- Featured in promotional email to attendees inviting them to bring the family to PSTM and sign up for the Kids Zone
- Recognition with company logo on all Kids Zone signage

This is the ultimate advisory board opportunity for any company focused on products for plastic surgeons. How valuable would it be for you to spend one dedicated hour with key experts and opinion leaders in plastic surgery? A PSF Industry Focus Group offers the opportunity to not only have in-depth discussions with 6-10 plastic surgeon thought leaders, but also to receive unbiased feedback on the topic of your choice.

**The Focus Groups are ideal for:**
- Start-up companies with a product developed to serve the plastic surgery field
- Plastic surgery industry partners with an innovative product or idea for a product not yet on the market
- Any company wishing for unbiased feedback about current or planned products or future product ideas

A dedicated PSF staff member will work with you to ensure your session is tailored to meet the specific goals of your company and a session moderator will help you achieve a productive, beneficial session. As an added benefit, all proceeds from the Industry Focus Group Sessions go directly to support research funded by The Plastic Surgery Foundation. Your participation supports the research efforts of our Society, while providing you with high-level input from the ASPS community.

**PSF INDUSTRY FOCUS GROUP: Starting at $10,000**
- ASPS provides 6-10 key opinion leaders in your target market, an expert moderator, AV-equipped space, food and beverage
- Option to add-on 30-minutes for an additional $5,000

Event Overview
Online Self-Directed / Group Learning Program
Number of U.S. Resident Enrollees: 1,250
Number of International Resident Enrollees: 625
Target Audience: Residents
Used by more than 120 domestic training programs and residents from around the world

The Resident Education Center (REC) has been integrated into the curricula of most U.S.-based training programs for several years. The REC includes 88 modules of plastic surgery self-study content covering the breadth of plastic surgery practice. The modules open with an outline of key section learning points and a required pre-test to gauge the base level of knowledge prior to exposure to the learning materials. Following the pre-test, the user is provided with at least five “best of” clinical journal articles to read, an audio-PowerPoint lecture to review, sample oral board cases to consider and, in many cases, surgical video to watch. Finally, the user is provided with a reading list of additional resources to study and a post-test, which includes remediation via discussion and references.

QUARTERLY SUPPORTER BENEFITS: $5,000
• Recognized on the home page of the Resident Education Center
• Social Media recognition of sponsorship
• Recognized in the quarterly publication, Plastic Surgery Resident
• Advertisement in Plastic Surgery Resident Email

QUARTERLY SUPPORTER BENEFITS: $10,000
Senior Residents Kits help prepare resident surgeons for life beyond residency. The kits (one per quarter) include essential practice resources such as a complimentary subscription to CSAT, scrubs, ASPS patient education brochures and more. The sponsoring industry partner will have an exclusive opportunity to place informational inserts into the kits and ASPS will provide the sponsor with a mailing list of all residents and Young Plastic Surgeon members.
You. And The Plastic Surgery Foundation

Event Overview
Support The Plastic Surgery Foundation as our members stand proud for what they do. The Plastic Surgery Foundation is creating a digital advertising campaign with the theme of “You. And The Plastic Surgery Foundation.” The goal of the campaign is not only to educate the public regarding the depth and breadth of plastic surgery, but also to generate awareness for The Plastic Surgery Foundation as a non-profit organization worthy of philanthropic support. Through this engaging social media campaign, The Plastic Surgery Foundation asks and answers: “Who makes these innovations possible? You. And The Plastic Surgery Foundation.” Patient stories to include:

- Migraine Headache Surgery
- Breast Reconstruction
- Reconstructive Surgery After Cancer (nose and facial reconstruction)
- Cleft/Craniofacial
- Transplantation
