OVERVIEW OF CONCURRENT SESSIONS—CHOOSE THE CONTENT THAT SUITS YOUR NEEDS.

COMPLICATIONS

Real-life experiences and professional insight will help you minimize complications and better address patient concerns.

SECONDARY SURGERY

Refine strategies for managing the challenges of secondary surgery.

DUELING PERSPECTIVES

Engage in diverse opinions and lively debate about controversial surgical and non-surgical techniques and procedures.

RHINOPLASTY

Explore nuances and advancements.

MASTER CLASS

An in-depth review and analysis from the masters on popular topics.

CUSTOMIZE YOUR EDUCATIONAL EXPERIENCE

Unlike traditional symposia where attendees all take part in a single general session, Aesthetica is designed so you can move between sessions to choose the topics that best fit your personal practice needs. This year two concurrent sessions covering the latest in surgical and non-surgical aesthetic breast, body contouring and facial rejuvenation topics will be offered during the two-and-a-half day meeting.

Our world-renowned, expert faculty are poised to share ideas to manage **Complications**, investigate individual **Perspectives** on common procedures, address **Secondary Surgery** challenges, dive into **Rhinoplasty** nuances, and share expertise in individual **Master Classes**.

This activity is intended for plastic surgeons.

LEARNING OBJECTIVES:

Upon completion of this activity, participants will be able to:

- Translate expanded knowledge into practice for the improvement of patient outcomes and satisfaction.
- Practice with an improved awareness of and response to related patient safety issues and concerns.
- Assess and describe current knowledge in aesthetic plastic surgery and identify areas where further knowledge would be beneficial.

REGISTRATION INFORMATION

The meeting registration fee includes course materials, admission to the sessions, exhibits and indicated meals. All registrants must pay the full registration fee; one-day registration is not available. Spouses and accompanying guests who wish to attend the sessions must register.
