Increase your knowledge, advance your skill and network with fellow surgeons from around the globe! The 34th annual ASPS Breast Surgery & Body Contouring Symposium presents the most leading-edge education from the specialty's top experts to provide you with new ideas and practical techniques you can immediately put into practice.

Attend this year’s symposium for the most up-to-date information on breast augmentation pearls, breast reduction and mastopexy, breast reconstruction, breast implant illness and legal issues, body contouring after massive weight loss, liposuction, liposculpting, abdominoplasty and genital surgery for men & women as well as practice management and marketing tips — all to keep you on the cutting edge.

New this year, ASPS is proud to offer a revolutionary new half-day Gender-Affirming Breast, Chest & Body Master Class, scheduled to immediately follow the Symposium on July 20.

Surround yourself with excellence. Energize your passion to practice. Improve patient outcomes and satisfaction.

This activity is intended for plastic surgeons

Accreditation:
The American Society of Plastic Surgeons® (ASPS) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Designation:
The ASPS designates this live activity for a maximum of 20 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. 9 of the 20 credits have been identified as programming applicable to patient safety.

Learning Objectives
Upon completion of this activity, participants should be able to:

- Critically assess the strategies for aesthetic and reconstructive breast procedures
- Describe advanced technologies and techniques in body contouring
- Translate expanded knowledge into practice for the improvement of patient outcomes and satisfaction

This meeting will address the following ACGME/ABMS competencies:
- Professionalism
- Patient care and procedural skills
- Medical knowledge
- Interpersonal and communication skills

Disclosure Policy:
The American Society of Plastic Surgeons (ASPS) requires all instructors, planners, reviewers, managers and other individuals in a position to control or influence the content of an activity to disclose all relevant financial relationships or affiliations. All identified conflicts of interest must be resolved and the educational content thoroughly vetted by ASPS for fair balance, scientific objectivity, and appropriateness of patient care recommendations. ASPS also requires faculty/authors to disclose when off-label/unapproved uses of product are discussed in a CME activity or included in related materials.

VISIT THE EXHIBIT HALL
The exhibit hall features industry leaders with products and services to power your practice! Be sure to attend the networking reception on Thursday evening and dedicated networking breaks throughout the meeting to learn how these partners can impact your bottom line.

INAUGURAL GENDER-AFFIRMING BREAST, CHEST AND BODY MASTER CLASS
July 20, 2019 – 1:00-5:00 PM
Immediately following the Breast Surgery and Body Contouring Symposium

Addressing the need for expert clinical education focused on the surgical management of gender dysphoria, the American Society of Plastic Surgeons is proud to present the Gender-Affirming Breast, Chest & Body Master Class.

The first of its kind, this half-day program is a groundbreaking learning opportunity designed by experts in the field to provide top-level instruction on one of the specialty’s hottest topics. As the need for surgical management of gender dysphoria increases, the ASPS is committed to providing quality education to ensure optimal patient care.

Take advantage of discounted registration fees for the Gender-Affirming Master Class when you add it to your Breast Surgery & Body Contouring Symposium registration!

Learning Objectives:
Upon completion of this activity, participants should be able to:
• Describe the surgical management of gender dysphoria
• Understand the current concepts, emerging issues, and advances in gender-affirming breast, chest and body contouring procedures

This Master Class will address the following ACGME/ABMS competencies:
• Professionalism
• Patient care and procedural skills
• Medical knowledge
• Interpersonal and communication skills
