oral and written
BOARD PREPARATION COURSE

AUGUST 15-17, 2019 | Rosemont, IL

PROGRAM CHAIR:
Joseph K. Williams, MD

PROGRAM CO-CHAIR:
John B. Hijjawi, MD

Earn up to 28.75 AMA PRA Category 1 Credits™ in Patient Safety
Dear Attendees,

The 2019 ASPS Oral and Written Board Preparation Course is interactive and comprehensive, using more than 100 plastic surgery cases to provide a thorough overview of plastic surgery principles and management problems. Featuring a new, more efficient format and focused learning modules, this high-yield educational program will help you succeed. Continuous case scenarios will be presented with an emphasis on the critical criteria applicable for examination. The course will include modules on breast/aesthetic, hand/complex wounds/burns/scars, craniofacial/head and neck, and CPT coding.

**Intended Audience:** This course is appropriate for surgeons seeking a review of clinical science and patient safety issues. It is useful for those preparing to take the oral and written ABPS examinations and serves as an educational resource for MOC efforts.

We look forward to helping you prepare for the exams!

Joseph K. Williams, MD  
Program Chair

John B. Hijjawi, MD  
Program Co-Chair

**WHAT’S NEW AND WHY YOU NEED TO ATTEND!**

**Program Highlights:**

- **EXPANDED FOR 2019!** Cleft Lip Drawing Session – hands-on instruction to help you improve your drawing of unilateral and bilateral clefts
- **Back by popular demand!** Realistic oral examination simulation sessions – limited sessions available – register today!*
- Intensive, condensed format with continuous mock oral cases
- Dual concurrent tracks with customized learning for the oral or the written exam
- Practice exam sessions with immediate faculty feedback
- Individualized discussions and guidance on oral board casebook preparation
- Focused didactic lectures on clinical plastic surgery
- Effective study strategies and networking opportunities

We want you to pass your Boards – this Course is your exam solution!

*Additional fee required
Spend three days with the American Society of Plastic Surgeons (ASPS) reviewing board-relevant cases and you’ll leave feeling more confident and better prepared to take The American Board of Plastic Surgery (ABPS) Oral & Written Board Examinations. The ASPS course is also a great tool for practicing surgeons preparing for recertification or fulfilling maintenance of certification hours.

**Learning Objectives**

Upon completion of this activity, participants should be able to:

- Identify patient safety issues related to patient care, verbalize these concerns and incorporate them into the management protocol.
- Assess and describe their current knowledge of plastic surgery and identify areas where further study would be beneficial.
- Compare approaches to complex plastic surgery problems with colleagues.
- Respond to clinical questions in a concise, orderly manner.
- Describe the format of the oral and written board examinations.
- Assess the psychological aspects of taking an oral and written examination.

This activity will address the following ACGME/ABMS competencies:

- Professionalism
- Patient care and procedural skills
  - Medical knowledge
  - Interpersonal and communication skills

**Accreditation**

The American Society of Plastic Surgeons® (ASPS) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

**Designation**

The ASPS designates this live activity for a maximum of **28.75 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

⚠️ Three of the 28.75 credits have been identified as programming applicable to patient safety.

Disclaimer: Completion of this course does not imply or guarantee a successful outcome on the examination or certification efforts.

BACK BY POPULAR DEMAND!

Oral Examination Simulation Sessions*

This year, attendees will have the opportunity to participate in an individual 45-minute simulated oral exam session with two faculty members serving as examiners. Six unknown cases will be presented for examination in a setting very similar to the actual exam, followed by a 15-minute grading and evaluation session with the faculty in the examiner role. A limited number of sessions are available on a first-come, first-served basis. Sessions must be reserved and paid for in advance.

Experience the format of the oral examination in a realistic setting

- Sharpen your skills to analyze unknown cases and effectively communicate a plan of treatment that addresses complications.
- Demonstrate you are mentally and emotionally prepared for the most important challenge of your career.
- Practice presenting yourself to make a positive impression.
- Gain the poise and confidence you need to be successful.

*Must register for the Oral & Written Board Course and simulation session before July 12, 2019; additional fee required for the simulation session. Space for the simulation sessions is limited to 40 participants and available on a first-come, first-paid basis. Completion of the course or simulation session does not imply or guarantee a successful outcome on the examination or certification efforts.
