Frequently Asked Questions about Committee Service
Revised 1/6/2022

QUESTION
How do I access the committee application?

ANSWER
The committee service application generally opens February 1 for the term that begins in September or October. Typically, the submission deadline is 11:59pm CDT on the April 30 preceding the term start date. Committee application will be open February 1, 2021 to May 31, 2022.

- 2022 Term = November 1, 2021 to October 30, 2022
- 2023 Term = October 30, 2022 to October 2, 2023
- 2024 Term = October 2, 2023 to September 30, 2024

Members may access the link from the Membership tab dropdown on the My Accounts page after logging into www.plasticsurgery.org.

QUESTION
Who is eligible to serve on ASPS/PSF committees?

ANSWER
Committee service at ASPS is a membership benefit. Members who are in good standing with their dues fully paid* and have the following member types are eligible to serve:

- Active Members
- Life Active Members
- Candidates for Active Membership
- International Members
- Resident Affiliates**

* To renew your membership you may login to your account or contact the Member Service Center at memserv@plasticsurgery.org / (800) 766-4955 (US/Canada) / 1(847)-228-9900 (International).

**Residents and Fellows can find further information on the Residents and Fellows Forum page.

QUESTION
How are members selected for committee service? When are members notified?

ANSWER
Once the deadline for completing the committee service application passes (May 31), the committee appointment process for the 33 committees that accept applications will begin.

Committee Staff Liaisons will work with the incoming Committee Chairs to identify those members to be reappointed to the committee, as well as the most promising candidates for new appointments. These recommendations are then ratified by the Board Vice President responsible for the Business Line and then the ASPS or PSF president, depending on the committee.
Committee appointments are generally communicated 6-8 weeks before the term begins. We expect the 2023 term committee appointments to be communicated in September 2022.

We strive to appoint each applicant to at least one of their selected committees, whenever possible. When it is not feasible, we offer applicants another committee that can accommodate their service.

**QUESTION**
I've been accepted to serve on a committee for the upcoming term, how do I view my committee information on the Committee Site?

**ANSWER**
You will only be able to access your committee information once your term begins.

Once the term has begun you can view your committee information by logging into your account at https://www1.plasticsurgery.org/ebusiness4/sso/login.aspx. From the Dashboard click on the Membership tab, Committees. Click on your committee from the list on the left-hand side of the screen on the “My Committees” page to view committee-specific information, such as calendar, files and roster.

**QUESTION**
What committees may Active and Life Active members serve on?

**ANSWER**
Active and Life Active members may apply to serve on any of the committees listed on the committee service application. I’ve copied them below. They are hyperlinked, so please feel free to follow the link to learn about each committee.

- Annual Meeting Educational Program Committee
- ASPS EdNet Editorial Subcommittee
- ASPS Emerging Trends Subcommittee
- ASPS/PSF Bylaws Committee
- BIA-ALCL Subcommittee
- BRA Fund Appropriations and Review Subcommittee
- Clinical Research Subcommittee
- Coding and Payment Policy Subcommittee
- Continuing Education Committee
- Development Committee
- Diversity & Inclusion Committee
- Healthcare Delivery Subcommittee
- In-Service Examination Subcommittee
- International Scholar Subcommittee
- International Subcommittee
- Leadership Development Committee
- Legislative Advocacy Committee
- Membership Committee
- Patient Safety Subcommittee
- Practice Management Committee

FAQ about Committee Service

Page 4

**QUESTION**

Are there special instructions for graduating residents?

**ANSWER**

To remain on a committee (or to apply to serve on a committee), graduating residents must have an eligible member status. Resident Affiliates and Candidates for Active status may serve on committees. However, Applicants for membership do not have a member status with the Society.

Graduating residents have until June 30 each year to submit the necessary paperwork to convert to the Candidate status on July 1. The ASPS Membership Department or Member Services Center usually send a letter explaining that graduating residents need to submit a Sponsor Letter (from your Program Training Director, they are an Active ASPS member, or from another Active ASPS member) and their letter of Board Eligibility, which is usually delivered in mid-June, to convert to Candidate status.

Information about the membership process can be found on our website at [https://www.plasticsurgery.org/for-medical-professionals/join-asps/membership-process](https://www.plasticsurgery.org/for-medical-professionals/join-asps/membership-process) and information about the categories of membership can be found at [https://www.plasticsurgery.org/for-medical-professionals/join-asps/categories-of-membership](https://www.plasticsurgery.org/for-medical-professionals/join-asps/categories-of-membership). If you have questions, please contact the Member Services Center.

**QUESTION**

What committees can International Members serve on?

**ANSWER**

International Members may serve the committees listed below.

- Annual Meeting Educational Program Committee
- ASPS EdNet Editorial Subcommittee
- Coding and Payment Policy Subcommittee
- Continuing Education Committee
- Diversity & Inclusion Committee
- Healthcare Delivery Subcommittee
- International Subcommittee
- Leadership Development Committee
- Membership Committee
- Military Plastic Surgeons Steering Committee
- Patient Safety Subcommittee
- PRIDE Steering Committee
- PSF Volunteers in Plastic Surgery Steering Committee
- Regenerative Medicine Subcommittee
- Researcher Education Subcommittee
- Resident Curriculum Development Committee
- Technology, Innovation & Disruption Committee
- Visiting Professors Subcommittee
- Wellness Subcommittee
- Women Plastic Surgeons Steering Committee
FAQ about Committee Service
Page 5

**QUESTION**
**What committees may non-members serve on?**

**ANSWER**
Non-members may serve on specific committees that allow non-members. Non-members would have to be appointed to an ASPS or PSF committee by one of the affiliated Societies such as:
- ACAPS for the Resident Curriculum Development Committee and the Wellness Subcommittee
- ACAPS, ABPS, AAPS, or PSRC for the Academic Affairs Council
- PSRC, ACAPS, AAPS, ASPN, ASRM, or AAHS for the Research Oversight Council

**QUESTION**
**How do I access the committee description, so I can decide on which committee to apply?**

**ANSWER**
There are a couple of ways to access the committee description. The best may be to complete the committee application to the screen that asks members to rank their committee preferences. Members may click on the name of the committee and then a screen will pop up with the committee description and the current members of the committee.

Another way of accessing the committee description is to click on the [Committee Listing](#) in the Membership Dropdown on the My Account page. However, you’ll then need to click on the Business Line name (ex: Academic Affairs & Reconstructive Surgery Committees) to see a list of committees in that business line. Click on the committee name to access the committee description. Members can apply to serve on many of our committees. Some, such as the Academic Affairs Council, are by appointment without an application. So this method may not be as convenient if you are trying to decide which committee to apply to.

**QUESTION**
**I don’t see the Ethics Committee as an option on the Committee Service Application. How do I indicate my desire to serve on that committee?**

**ANSWER**
The Ethics Committee is not one of those committees to which you can submit a committee service application. Rather, members must complete a different set of nomination forms, as this is an elected position, which is vetted by the Society and Foundation’s Nominating Committee. Ethics Committee members serve a 3-year term. As of May 2018, the Nominating Committee timeline is to post the application for the following year’s elected positions on December 1, with applications due in January – usually sometime around the end of the month. Members may access the application from the Committee Resources box accessible from the Surgeon Community tab.
FAQ about Committee Service
Page 6

**QUESTION**
I am trying to complete the Committee Service Application but cannot access it. Can you help?

**ANSWER**
Only certain membership categories may serve on Society / Foundation committees. Members and affiliates in the membership categories listed below who are in good standing with their dues fully paid may complete a Committee Service Application to serve on many of the Society/Foundation committees.

- Active
- Life Active
- Candidates for Active
- International
- Residents
- Retired International
- Military Candidate for Active
- Active Military

**QUESTION**
Where do committee meetings take place?

**ANSWER**
Most committee meetings take place in the U.S. during our Annual Meeting (Plastic Surgery The Meeting), generally each October, or during our Spring Board Meeting, generally each March. There are a few committees that meet outside the Annual Meeting or Spring Board Meeting. Committees also have conference calls, generally in the evening, to accommodate our member surgeons’ OR schedules.

**QUESTION**
What is the time commitment required for committee service?

**ANSWER**
The time commitment varies for each committee. It’s very difficult to be precise about the time commitment, but many staff liaisons have updated their committee descriptions (accessible from the Committee Listing) to indicate the time commitment involved.

**QUESTION**
Are expenses associated with committee service reimbursed?

**ANSWER**
Members of most committees must meet the $1,500 deductible each leadership year before travel expenses for committee meetings will be reimbursed. The Travel Policy for ASPS-PSF Members is posted to the Committee Site in the General Files area. Travel expenses for meetings in conjunction with the Annual Meeting are NOT reimbursed.
FAQ about Committee Service

**QUESTION**
Do I need to submit an application to continue to serve on my committee next year?

**ANSWER**
No, you do not need to reapply to your current committee. Your staff liaison should reach out to current committee members to ascertain their interest in continuing to serve on the committee. Please keep in mind that interest in continuing to serve does not necessarily mean existing members will be reappointed.

The Committee Appointments Guideline limits the number of “regular” committees a member may serve on to five in an effort to engage more Society members through volunteer leadership opportunities. (“Regular” committees are those committees to which members may indicate interest in serving via the Committee Service Application.) The guideline is accessible [here](#) or from the Committees Home Page.

**QUESTION**
How do I edit a statement I made on the Education screen?

**ANSWER**
The way to edit statements doesn’t currently work as smoothly as we would like it to, but we hope to improve in the next version of the application. First click on the EDIT to the left of the text you wish to modify. Existing text will be copied to a 1-line text box towards the bottom of the page. Make your edit in that text box and then hit the “Update Education Record” button. Hit the Save & Continue Button at the bottom of the page to advance to the next screen.
**QUESTION**

I don’t see my question on this FAQ document. Where can I get answers to my question?

**ANSWER**

Please direct your committee-service related questions to aspscommittees@plasticsurgery.org.
