

LOWELL, MI - One Ethanol, LLC has received the necessary approvals by the FDA and TTB to manufacture and sell hand sanitizer. This is a hand sanitizer manufactured according to the Temporary Policy for Preparation of Certain Alcohol-Based Hand Sanitizer Products During the Public Health Emergency (CoViD-19) released by the FDA.

The hand sanitizer formula is consistent with World Health Organization (WHO) recommendations:

1. Alcohol (ethyl alcohol) (80% volume/volume) in an aqueous solution denatured according to Alcohol and Tobacco Tax and Trade Bureau regulations in 27 CFR part 20 transferred to One Ethanol, LLC via a TTB SDA (Specially Denatured Alcohol) permit
2. Glycerol (1.45% v/v)
3. Hydrogen peroxide (0.125% v/v)
4. Sterile distilled water or boiled cold water

One Ethanol does not add other active or inactive ingredients.

Applicable FDA NDC & Labeler Codes:

One Ethanol, LLC Labeler code: 74481

NDC: 74481-001-01 Pail

NDC: 74481-001-02 Drum

NDC: 74481-001-03 Jug

NDC: 74481-001-04 Tote

About One Ethanol - One Ethanol's leadership has a 25 year extensive history in the ethanol industry dating back to 1994. Our experience in the ethanol field includes process plant design, plant construction, plant management, industrial ethanol production, beverage ethanol production, lab testing, high level QC, and ethanol sales.

Our team members are involved in the entire One Ethanol production process from the moment our locally grown corn arrives at the plant, until the packaged product is loaded on truck for shipment to dealers.

Ethanol is part of our families' lives 365 days a year, and we are dedicated to educating others about the benefits of ethyl alcohol and biofuels.

We are hyper-focused and relentless about making the best ethyl alcohols in the world.

There's only One Ethanol!
